(42003) Scalp Massager / Masseur de cuir chevelu
User Manual / Manuel de l’utilisateur

IMPORTANT SAFETY INSTRUCTIONS

PLEASE READ BEFORE OPERATION

WARNING: To reduce the risk of burns, fire, electric shock or injury to persons:

Read the entire manual before use. To ensure safe and correct use, do not operate without carefully reading the operating manual and only use as described therein.

- Do not pour or spill any liquid into the unit as it may result in malfunction or electric shock
- Do not use the unit near corrosive gas (example: gasoline)
- Do not charge unit in an excessively humid or dusty environment
- Do not expose the unit to heaters, stoves or direct sunlight
- This device is for indoor use only, do not use outdoors
- Do not use the unit where the temperature is higher than 104° F/40° C
- If the adapter is damaged, do not use the unit. (Make sure that the adaptor is replaced by the manufacturer before you continue use)
- Do not cover the unit while in use as excessive heating can occur
- Make sure all controls are powered OFF before disconnecting the massager from a power supply
- Do not put the adapter near hot surfaces as this can damage the adapter and result in fire or electric shock
- Do not use this product if there is unfamiliar noise or noise above normal operation
- Do not insert objects into any openings
- Only an experienced technician should perform maintenance on this product; do not try to do it yourself

Precautions:

- Do not use if you are experiencing any swelling, injury or inflammation on your head
- This product is intended for use in a quiet setting, do not use in a public or crowded area
- Stop use immediately should you experience any discomfort or skin allergies
- Seek medical advice immediately should you experience pain or skin allergies during or after using this product
- The unit is not designed to be used while lying down or while driving
- Do not use the unit if you have recently undergone any medical operations
- Do not use the unit if you have consumed alcohol
- Do not drop the unit on the ground
- Do not use unit for more than 20 minutes continuously
- When using this product after it has been in storage, check to see that the product is operating properly prior to use
- This product is not intended for use by individuals under the age of 12
- This product should not substitute medical care

Care and Maintenance:

- To remove dirt from plastic parts, wipe area with a damp cloth using a mild cleaning agent; wipe fabric with damp cloth. Ensure the unit is powered off and unplugged prior to cleaning

ADDITIONAL WARNINGS

PLEASE READ BEFORE OPERATION

Read all instructions before using this appliance.
When using an electrical appliance, basic precautions should always be taken, including the following:

This appliance is intended for household use only.

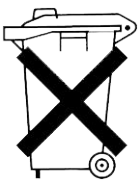
Caution

- Do not use alcohol, caustic agents or detergents in the massager in order to avoid any damage, discoloring and/or splitting of the material
- To avoid damaging the unit, use a damp cloth to clean around the buttons and connections
- Avoid leaving the device in direct sunlight or in excessive heat as this can cause fading of the fabric and/or housing color change
- Always turn off and unplug the appliance from an electrical outlet after using, or while cleaning

Warning

- An appliance should never be left unattended when plugged in. Unplug from outlet when not in use
- Do not cover the unit while in use as overheating can occur
- Use this massager only for its intended use as described in this manual. Do not use attachments that are not recommended by the manufacturer
- Never operate this massager if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged or dropped into water. You must return this massager to a certified service center for examination and repair before using again.
- Do not carry the device by the power cord or use the power cord as a handle
- Keep the power cord away from all heated surfaces
- Never operate where areosol (spray) products are being used or where oxygen is being administered
- To disconnect, turn all controls to the off position, then remove the plug from the outlet

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.



This marking indicates that this product should not be disposed with other household wastes throughout North America. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
